

Greetings from Michigan,

As I write this letter it is a balmy 12 degrees up here in the north. With that being said however, the Holy Spirit is heating things up for the Michigan Chapter and its members. With our economy & financial situation in Michigan as well as with our own chapter members God has been faithful and brought us through our ordeals and seen that His people are taking care of. We are continually learning as a group that if we are diligent to Him things will work out in His time. All we need to do is honor Him and be faithful and trust that our steps are in order. Our chapter is doing well and we are getting our calendar lined up for this year. We are already lining up our August event aimed at the 1% biker crowd and planning our fund raiser events. The ladies of the chapter are looking forward to their first event of the year this march and I would ask you keep them in prayer. I am excited and looking forward to what God has in store for Michigan but more so for all is Saints out there. May you all be blessed and under is His guidance as we go out and do His work.

With much love to all,

Steve Christian – Mich. Chapter President
